

Heating, Air Conditioning, Electrical & Plumbing

MORE THAN COMFORT. COMPLETE HOME PROTECTION. HVAC & Plumbing Accessories

80+ YEARS IN BUSINESS, AND WE'RE JUST GETTING STARTED

Founded in 1945, Sturm Heating & Air Conditioning was built on a commitment to dependable comfort and honest service. What began as a small, locally owned HVAC contractor has grown into a trusted provider of heating, cooling, and plumbing solutions for homes and businesses throughout the region.

In our early years, we focused on doing things the right way through quality installations, responsive service, and long-term customer relationships. That foundation allowed us to grow through referrals and repeat business, earning a reputation for reliability and craftsmanship.

As technology and home systems evolved, Sturm evolved alongside them. We expanded our services to include energy-efficient HVAC systems, preventative maintenance programs, modern control solutions, and professional plumbing services, while continually investing in technician training and safety standards.

Today, Sturm combines decades of hands-on experience with the latest industry innovations across both HVAC and plumbing. While our company has grown, our values remain the same: delivering comfort you can rely on, service you can trust, and solutions built to last.

PLUMBING

FREE PLUMBING INSPECTION & HARD WATER TEST WITH ALL PURCHASES

BRADFORD WHITE - ELECTRIC WATER HEATER

[CALL FOR PRICING](#)

FEATURES

- Vitraglas lining w/ Microban for superior tank protection against corrosives, bacteria, mold, and mildew
- Hydro Jet Total Performance System prevents sediment buildup in tank and increases first hour rating for more hot water
- Fully automatic temperature control

BENEFITS

- Professional installation to ensure quality, safety, and performance
- Made in the USA
- 6 year tank warranty

BRADFORD WHITE - GAS WATER HEATER

[CALL FOR PRICING](#)

FEATURES

- Icon Exclusive Intelligent gas control for optimized temperature accuracy and stability
- Vitraglas lining w/ Microban for superior tank protection against corrosives, bacteria, mold, and mildew
- Hydro Jet Total Performance System prevents sediment buildup in tank and increases first hour rating for more hot water

BENEFITS

- Professional installation to ensure quality, safety, and performance
- Made in the USA
- 6 year tank warranty

NAVIENT - TANKLESS WATER HEATER

[CALL FOR PRICING](#)

FEATURES

- Uniform energy factor of up to .96 providing more output and lower operating costs
- Built in advanced control panel with set up wizard and diagnostics
- Intelligent preheating recognizes hot water usage patterns
- Compatible with NaviLink Wi-Fi control
- Freeze protection maintains normal operation during freezing temperatures

BENEFITS

- Professional installation to ensure quality, safety, and performance
- Number 1 selling high efficiency tankless water heaters in North America
- 15 year heat exchanger and 5 year parts warranty

NORTH STAR - 31,000 GRAIN WATER SOFTENER

[CALL FOR PRICING](#)

FEATURES

- AutoSense™ Technology learns water usage patterns to optimize water use and regeneration frequency
- Utilizes reverse flow regeneration, proven to be the most effective way to clean the resin bed
- Max grain capacity of 31,000 for 1-5+ people
- Reduces up to 8 ppm of ferrous (clear water) iron

BENEFITS

- Softens water
- Helps with the lifespan of faucets, pipes, and shower heads
- Professional installation to ensure quality, safety, and performance

FREE PLUMBING INSPECTION & HARD WATER TEST WITH ALL PURCHASES

NORTH STAR - 2-IN-1 SOFTENER + HOME FILTRATION

[CALL FOR PRICING](#)

FEATURES

- 2-in-1 system softens water and reduces chlorine taste & odor with carbon filtration
- AutoSense™ Technology learns in-home water patterns to optimize salt, water, and regeneration frequency
- Utilizes reverse flow regeneration, proven to be the most effective way to clean the resin bed
- Max grain capacity of 35,600

BENEFITS

- Softens water
- Whole home water filtration
- Helps with the lifespan of faucets, pipes, and shower heads
- Professional installation to ensure quality, safety, and performance

NORTH STAR - REVERSE OSMOSIS FILTRATION SYSTEM

[CALL FOR PRICING](#)

FEATURES

- The premier choice for advanced, three-staged contaminant reduction
- Includes designer, lead-free chrome faucet
- Easy twist-and-pull filter replacement without shutoff off water supply
- High-capacity storage tank
- Includes everything needed for installation

BENEFITS

- One year limited warranty
- System reduces: Chlorine Taste and Odor, Sediment, Cysts, Lead, Chemicals, Total Dissolved Solids, PFAS ("Forever Chemicals"), Bacteria and Virus
- Professional installation to ensure quality, safety, and performance

MOEN - WATER MONITORING & LEAK DETECTION SYSTEM

[CALL FOR PRICING](#)

FEATURES

- Automatic Shutoff: With FloSense Technology, the device learns your home's water usage patterns to identify abnormalities like running water or small leaks and will automatically turn off water to prevent damage
- Real-Time Notifications: The device monitors your home's water, sending you app, phone call and email alerts for potential leaks

BENEFITS

- 1 year limited continuous device warranty
- Professional installation to ensure quality, safety, and performance
- Whole home protection against leaks and water damage

NORTH STAR - WHOLE HOME WATER FILTERS

[CALL FOR PRICING](#)

FEATURES

- With multiple filter options, housings and NSF-certified performance, this system can reduce chlorine taste and odor for better-tasting water and sediment to protect the home. North Star's 100 years of expertise in water treatment will ensure top-notch performance

BENEFITS

- Reduces chlorine taste and odor for better-tasting water and sediment to protect the home
- Professional installation to ensure quality, safety, and performance

PLUMBING

*American
Standard* **TOTO**

FREE PLUMBING INSPECTION & HARD WATER TEST WITH ALL PURCHASES

WOODFORD - HOUSE BIBBS

[CALL FOR PRICING](#)

FEATURES

- Freezeless design – The valve seat sits well inside (in the heated area), so when you shut it off and remove the hose, the remaining water drains out of the line, reducing freeze damage risk in cold climates
- Anti-siphon or integral backflow device, stopping contaminated outdoor water from flowing back into your house plumbing

BENEFITS

- Professional installation to ensure quality, safety, and performance
- The freezeless design helps keep your bibb from cracking or bursting in cold weather
- Integrated anti-siphon/backflow protection means you're less likely to contaminate your potable water when you're watering, washing, or rinsing outside

TOTO DRAKE - ELONGATED TOILET BOWLS, TANKS, & SLOW CLOSE SEAT

[CALL FOR PRICING](#)

FEATURES

- Two-piece configuration allows for easier access to the area around the toilet
- Installs in a floor mounted configuration
- Elongated bowl provides extra comfort, extending out an extra 1-1/2" compared to a round configuration
- Left hand trip lever placement
- Constructed of vitreous china ensuring durability and dependability

BENEFITS

- 1 year limited warranty
- SoftClose® Seat: The seat and lid utilize a built-in SoftClose® hinge system
- CEFIONTECT®: The nano-scale glaze prevents particles from adhering to porcelain
- TORNADO FLUSH® features two powerful nozzles that create a centrifugal, cyclonic rinsing action which reduces waste buildup

AMERICAN STANDARD & GROHE - KITCHEN SINK FAUCETS

[CALL FOR PRICING](#)

FEATURES

- Both use solid materials (brass/metal bodies, corrosion-resistant finishes) built to last
- Smooth, intuitive control over water flow and temperature
- Designed to rotate and give you clearance for big pots and sink tasks
- Most models have high-arc or pull-down spray versions for flexibility

BENEFITS

- At the end of the day, American Standard and Grohe are built with utility and longevity in mind
- Professional installation to ensure quality, safety, and performance

AMERICAN STANDARD & GROHE - BATHROOM SINK FAUCETS

[CALL FOR PRICING](#)

FEATURES

- Ceramic Disc Valve Technology
- Smooth operation, precise temperature control, and fewer internal parts that wear out
- Water-Efficient Aerators (EPA WaterSense compliant on most models)
- Designed to reduce water flow without sacrificing pressure
- Durable, Corrosion-Resistant Finishes

BENEFITS

- At the end of the day, American Standard and Grohe are built with utility and longevity in mind
- Professional installation to ensure quality, safety, and performance
